WHAT MAKES SYNERJE DIFFERENT

In a competitive market, SYNERJE differentiates through five core advantages that reduce client risk, accelerate program timelines, and deliver measurable cost savings:

- ✓ **Small Disadvantaged Business + Enterprise Scale:** We provide SDB set-aside eligibility while delivering operational capacity typically associated with large contractors.
- ✓ **True Local Presence:** Our licensed entities are Synerje-owned and operated not broker relationships. This ensures accountability from requirement to delivery.
- ✓ **Integrated Solutions:** We combine procurement, logistics, fleet management, and facility support as coordinated packages reducing vendor management burden.

- ✓ **Rapid Mobilization:** Pre-qualified supplier networks enable 15-day average mobilization for new programs.
- ✓ **Proven Performance:** 98% on-time delivery in high-risk environments, zero contract terminations, 90% contract extensions.

GLOBAL OPERATING FOOTPRINT

SYNERJE operates through a network of licensed entities and regional offices strategically positioned to support government, defense, and international programs. Our model emphasizes local presence with centralized governance.

WHAT WE BRING TO TEAMING PARTNERSHIPS

- ❖ Small Disadvantaged Business (SDB) Status: Help primes meet socioeconomic goals while providing enterprise-scale operational capability.
- ❖ Geographic Depth: Licensed entities in multiple countries where primes may lack established infrastructure.
- ❖ Risk Reduction: Direct control over execution no broker relationships, no coordination delays.
- ❖ Rapid Mobilization: 15-day average program startup capability.
- ❖ Proven Past Performance: 100+ government programs, zero contract terminations.

WHY PARTNER WITH SYNERJE

✓ EXECUTION RELIABILITY

Zero contract terminations and documented past performance reduce proposal risk.

✓ OPERATIONAL FLEXIBILITY

We scale support as program requirements evolve.

✓ PARTNERSHIP APPROACH

We engage collaboratively during capture and provide realistic pricing.
